Manual Transmission Fluid Application Guide

The service/maintenance booklet for my 5 speed manual 98 Ranger says change the manual transmission "oil" at 55,000 miles but the vehicle is now at 97,000 miles and it's never been done yet. The owners manual specifies the fluid to use is 2.8 quarts of Mercon ATF (although for some reason the service schedule refers to the fluid as "manual transmission oil").

What type of transmission fluid for 2002 Ford Ranger -
Answers

If the transmission fluid level on your Ranger is low, you need to add fluid through the dipstick tube. Ford has been developed sophisticated transmissions through years and it is critical that you add the exact type of transmission fluid stipulated by your owner's manual (typically in the back of the manual in a section titled Fluid Capacities.)

Manual Transmission Problems of Ford Ranger

My Ranger just hit 12000km. Manual tranny calls for ATF and though I know many of you will recommend things like redline MTL (I know how good the stuff is, used it in other vehicles) I am still under warranty and would like to use a Mercon rated ATF as the manual calls for, preferably synthetic, now that things are all broken in.
